ELIGIBLE VIDEO CHECK LIST ✓

In your video, clearly explain;

- ✓ The name of the product purchased
- ✓ The dealer you purchased it from
- ✓ The problem and solution the product is solving
- ✓ Include footage of the installed product
- ✓ Snap photo(s) of the installation

What makes a great video?

Tips for creating your video;

- ✓ Clean your lens - *dirt and grime will create blur and haze*
- ✓ Clear and in focus - *ensure the product and installation are clearly visible*
- ✓ Reduce background noise - *we want to hear your voice clearly*
- ✓ Choose one orientation - *don't rotate your camera while filming*
- ✓ Check lighting - *avoid shadows and dark spaces, if indoors turn on the lights*

SUMMER HEROES

THE SANIC ADVANTAGE

Sanic products have Microban silver-based technology permanently integrated into them and are active throughout their life cycle. Microban reduces the growth of bacteria on the product surface 24 hours a day, 7 days a week.

POWERED BY
MICROBAN

ANTIMICROBIAL TECHNOLOGY

SANIC antimicrobial products feature proven Microban silver-based technology to protect against the growth and the reproduction of microorganisms, such as bacteria.

SANIC antimicrobial products are protected against bacterial growth by up to 99.99%.

ANTIMICROBIAL TREATMENT: housings and cartridges

To fully benefit from built-in silver-based antimicrobial protection, SANIC housings and SANIC cartridges have to be used together.

HOW ANTIMICROBIAL TECHNOLOGY WORKS

UNTREATED PRODUCTS

TREATED WITH MICROBAN®

PROVEN UP TO
99.9% PROTECTION

When Sanic Housings and cartridges are used together

HYDRA BIG F PRO 256 & 267 SANIC

Hydra Big F Pro Sanic (20" Big Cartridges)

Easy to install, four stage filtration system (including Hydra self-cleaning) with UV treatment, for the removal of sediment and for water purification.

- ✓ Stage 1: Hydra 90 micron self-cleaning filter
- ✓ Stage 2: Coarse Filtration
- ✓ Stage 3: Fine Filtration
- ✓ Stage 4: UV disinfection chamber

HYDRA SLEEVE INCLUDED

- Used for outside installations to prevent algae growth
- Remove when you need to check your filter condition

BIG F PRO 256 & 267 SANIC PLUS

Big F Pro Sanic PLUS (20" Big Cartridges)

Introducing the Sanic PLUS which includes an additional Carbon stage for even greater filtration of your water supply.

Easy to install, four stage filtration system with UV treatment, for the removal of sediment and for water purification.

- ✓ Stage 1: Coarse Filtration
- ✓ Stage 2: Carbon Filtration
- ✓ Stage 3: Fine Filtration
- ✓ Stage 4: UV disinfection chamber

BIANCO NXT
hydrashield

TANKCLENZ BY BIANCO NXT HYDRASHIELD

Tankclenz is a powerful but safe disinfectant that will keep you and your family safe. It contains a patented blend of silver and hydrogen peroxide. These work together to destroy nasty bacteria and viruses to keep your family safe and healthy and best of all, there is no nasty taste or smell!

From
\$29

Part Number	Description	PRICE	SAVE
BIA-TANKCLENZ1L	1L Bottle	\$29	\$4
BIA-TANKCLENZ5L	5L Bottle	\$99	\$11
BIA-TANKCLENZ25L	25L Bottle	\$349	\$36
BIA-TANKCLENZTESTSTRIP10PK	Test strip 10 pack	\$10	\$9

Tankclenz

A highly effective, long lasting disinfectant which keeps water safe and clean for you and your family. It is completely chlorine free and breaks down into only Oxygen and Water making it both safe and eco-friendly.

A Hydrogen Peroxide based disinfectant that can protect your water tank for up to 2 months. Use test strips regularly, especially after heavy rainfall, as it will dilute the Tankclenz.
